

## PRESS RELEASE

### NEW SWIFT CERTIFICATIONS FOR TAS SOLUTIONS

**Milan, October 14th 2009** - TAS Group, leader in the supply of software and services for banking and financial applications, has obtained new SWIFT certifications for GARI GOLD Transaction Flow Manager (TFM GG), its suite of products for the management of all Interbank Messaging.

The GG TFM suite has been awarded the prestigious *SWIFTReady Application **Financial EAI 2009*** certification.

The *SWIFTReady Application **SEPA 2009*** certification has been reconfirmed for the "GG TFM for SEPA Credit Transfers" product and this year, has also been awarded to the "GG TFM for SEPA Direct Debits" product.

In addition, the certifications *SWIFTReady Application **Cash Reporting User 2009*** and *SWIFTReady Application **Cash Reporting Provider 2009*** for the "GG TFM for Cash Reporting" product have been reconfirmed.

TAS Group, which has developed a recognised expertise in the banking sector, is a SWIFTReady service provider and offers consulting services via SWIFT certified experts, for project implementation and systems integration, consulting and for general assistance with specific configurations. These activities complement the range of SWIFT products and services, providing customers with the ability to achieve synergies and cost savings.

The business relationship between TAS and SWIFT, **started in 2000** for the **installation, integration and support of all SWIFT products and projects**, continues to satisfy the wide ranging needs of the financial community in Italy.

Through its subsidiary company Tasamericas, TAS Group is also the **SWIFT Regional Partner** for Latin American countries: Argentina, Bolivia, Brazil, Chile, Paraguay and Uruguay.

*TAS Spa, listed on the MTA since May 2000, is the market leader in Italy for connectivity software and services for banks, financial intermediaries and stock exchanges. It is a primary actor in the Italian banking software market for payment systems, treasury and inter-bank networks (RNI and SWIFT), as well as a benchmark for monetics and corporate banking. TAS Group is a European group with direct presence in France, Spain and Switzerland through its subsidiaries TAS France Eurl, APIA SA and RT Relational Tools. The Group serves major European commercial banks, and service providers in addition to several main broker dealers.*
