PRESS RELEASE

TAS ACQUIRES MANTICA INC. IN US

TAS S.p.A. ("**TAS**"), a leading Italian company in the supply of software and services for banking and financial applications, also present in Europe and America, has announced that it has concluded today the acquisition of an 80% stake in the share capital of the US company **Mantica Inc.**, which holds the entire share capital of **Mantica Italia S.r.l.**, specialized in the development and marketing of the proprietary software platform "Adaptive Intelligence", designed to create predictive models.

Dario Pardi, Chairman, and Valentino Bravi, CEO of TAS commented: *"The agreement that we concluded today represents the completion of the integration project, including at corporate level, of the "Adaptive Intelligence" solution in the suite of TAS products for fraud management, both for card transactions and for interbank payments, already chosen by some of our major customers".*

TAS was assisted in the legal aspects of Italian law of the operation by LEXIA Avvocati.

Pursuant to current legislation, the original Italian press release is available at the registered office, on the 1info storage mechanism and on the Company's website at <http://www.tasgroup.it/investors/comunicati>
